PLAN. PROJECT. PERFECT.

A good plan: **outdoor living.** From markilux of course.

Outdoor living

Enjoying life outdoors, in the fresh air – that is pure quality of life. And, in combination with attractive sun and wet weather protection from markilux, this pleasure increases considerably.

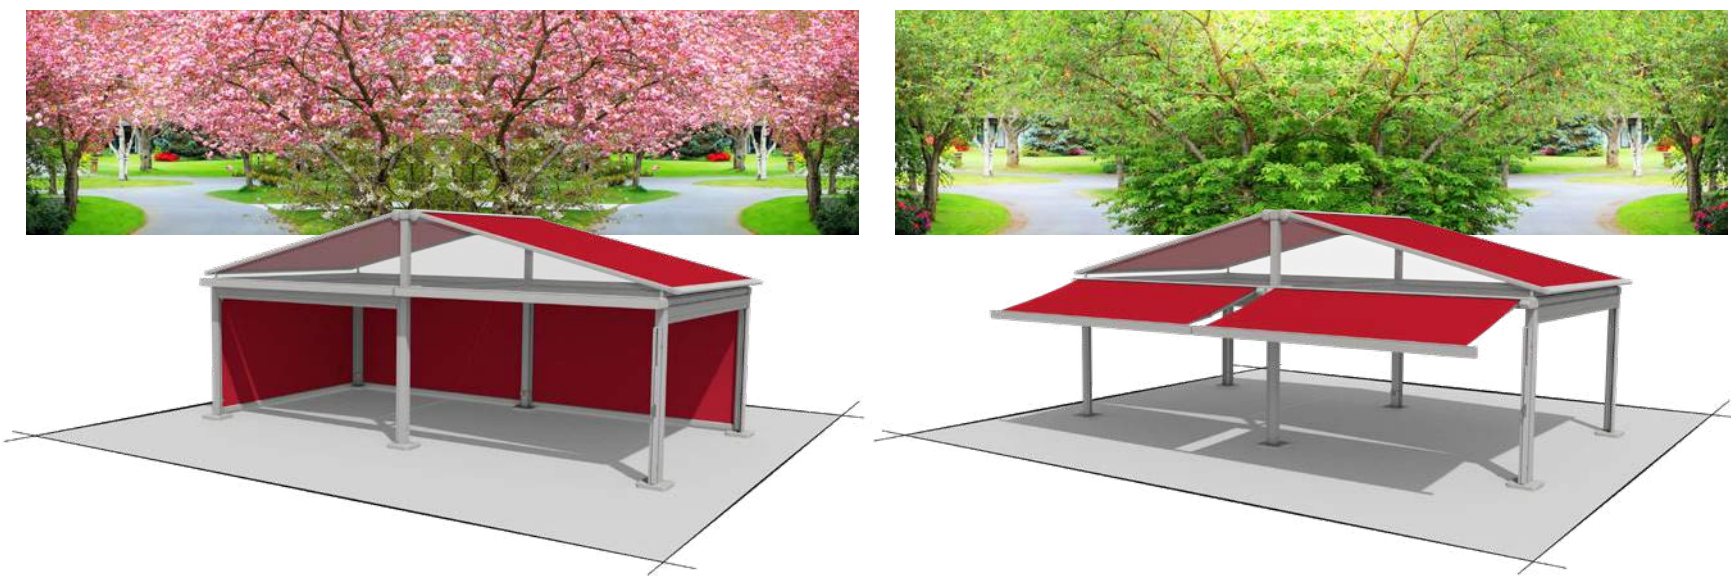

A trend that restaurants, retail shops, industry and public institutions, such as nurseries, schools, hospitals and retirement homes, have long been aware of: they are now actively making the most of this extra quality of life for their guests, customers and employees.

Space available outdoors is being turned into a high-turnover al fresco dining area, a place of retreat for employees, a shady play area for children or a place of recreation where senior citizens and patients can relax.

There's a lot more in it now. For outside. Just ask us.
markilux – the best under the sun. For the most alluring shade in the world.

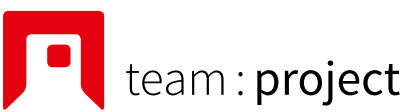

The most alluring shade in the world.
At virtually any time. In any size. Anywhere.

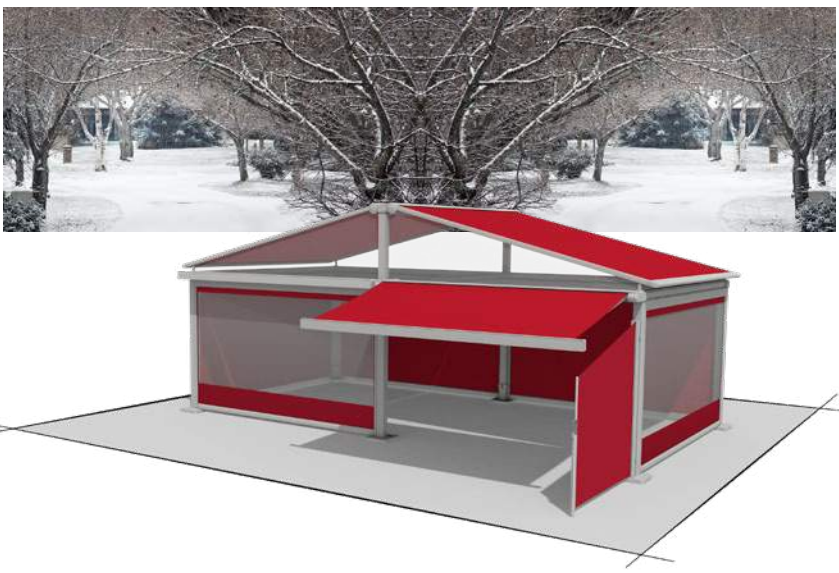

Spring
Enjoying the first warm rays of the sun.
Outdoors – but still protected.

Summer
Spend the day outdoors in the most alluring shade in the world.
Under your own personal awning landscape.

Autumn

Extend the summer season. Sit protected from the wind and rain. Outside, where it's most beautiful.

Winter

Lighting options and infrared heaters turn night into day and make your favourite outdoor spot a pleasant one even when it starts to get cold.

Weather conditions have to be taken into account when operating solar protection systems

Ease of operation

Awning frame systems were developed and successfully put to use in particular with the project business and the shading of larger outdoor areas in mind and have received many accolades as a result. The many comfort options make your outdoor area perfect:

- + Exclusive awning covers
- + Vertical cassette blinds and the option of a shadeplus
- + Lateral wind protection and a guarantee of privacy
- + Panoramic window
- + Personalised signwriting on the fabric
- + colour on demand – awning covers in any RAL design colour

markilux designer awnings have received a multitude of awards:

markilux

An aerial photograph of a city square, likely in London, featuring a large, rectangular red awning that covers a significant portion of the square. The square is paved with a checkered pattern of light and dark stones. Several people are visible walking around the square. In the background, there are buildings with multiple windows and a sign that reads "0%". The entire image is overlaid with a semi-transparent red filter.
