## ERHARDT Q

MODERN BAUHAUS DESIGN INCORPORATING THE BEST  
IN TECHNICAL ADVANCES AND INTEGRATED LED LIGHTING

 **ERHARDT  
MARKISEN**

Mehr. Freude. Leben. Zuhause.

### Recommended equipment for the ERHARDT Q

We recommend the integrated LED lighting. The uniform light is ideal for illuminating large or small areas and can be operated with wireless convenience. LED lighting is particularly energy efficient and long lasting.

We recommend a configuration with a remote control for the most convenient operation. More safety is provided by the oscillation sensor, which closes the awning automatically in

## ERHARDT Q

### WITH EVERYTHING THAT TECHNOLOGY MAKES POSSIBLE SEE AND EXPERIENCE THE LUXURY

The fabric and the mechanism are perfectly protected within the closed housing of the cassette awning. This ensures ideal protection from the elements. The housing conceived the modern Bauhaus design and can therefore be perfectly integrated in any construction style. The ERHARDT Q has been conceived using the latest in engineering practice and is constructed of high-quality materials. It is characterised by exceptional stability and torsional stiffness. The ERHARDT Q is particularly robust and long lasting, making it suitable for larger areas as well.

The ERHARDT Q is available as standard with a motor and a remote-control motor is an option. Integrated LED lighting is available optionally. The light has a uniform and very pleasant quality. The ERHARDT Q is also available as a double awning for optimal privacy and sun protection. The double awning can be operated conveniently in the same way as the main awning via the wireless hand transmitter included as standard.

# ERHARDT Q AT A GLANCE

## All of the ERHARDT Q features

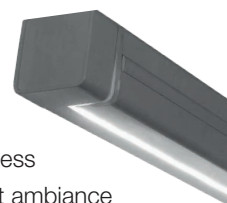

Maximum dimensions	700 x 400 cm (width x projection length) Double awning: 650 x 325 cm (width x projection length)
Technology	low-noise electric motor, clamping system in return technology
Cassette awning	Fabric shaft and mechanism completely protected
Frame colour	<ul style="list-style-type: none"> <li>• White (RAL 9016)</li> <li>• Grey-aluminium structured (RAL 9007 finely structured)</li> <li>• Anthracite (DB 703)</li> </ul>
Custom colour	Any RAL colour is possible
Fabric designs (over 250 designs)	<ul style="list-style-type: none"> <li>• Collection Tibelly Ambiente (Polyester)</li> <li>• Collection Tibelly Classic (Acrylic)</li> <li>• Double awning: Soltis</li> </ul>
Inclination angle	5°-35°
Special features	<ul style="list-style-type: none"> <li>• Modern linear design</li> <li>• Motorized as standard</li> <li>• Exceptionally stable (large areas are possible)</li> <li>• Available as a double awning</li> <li>• Integrated LED lighting available as an option</li> <li>• High-quality tilting arm bearing</li> </ul>

## Optional additional features of the ERHARDT Q

- Remote control motor with control unit
- Automatic wind and sun sensors
- Wireless oscillation sensor
- Integrated LED lighting
- Infrared heater (including wireless level control)
- Awning fabric with welding adhesive technology
- As a double awning, remote control motor is standard

## Tip! Integrated LED lighting

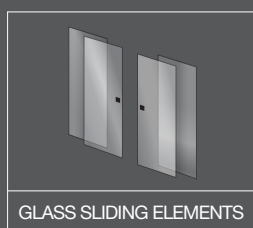

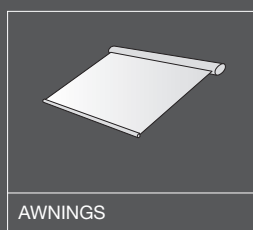

The ERHARDT Q is available with integrated LED lighting as an option. No annoying spots of light from the individual LEDs are visible, but rather, a pleasant, uniform light. The LED light can be used either when the awning is open or closed and offers convenient wireless control. Use this feature to create a perfect ambiance even on large terraces.

## ERHARDT awning fabrics: Collection Tibelly

The Collection Tibelly offers many advantages:

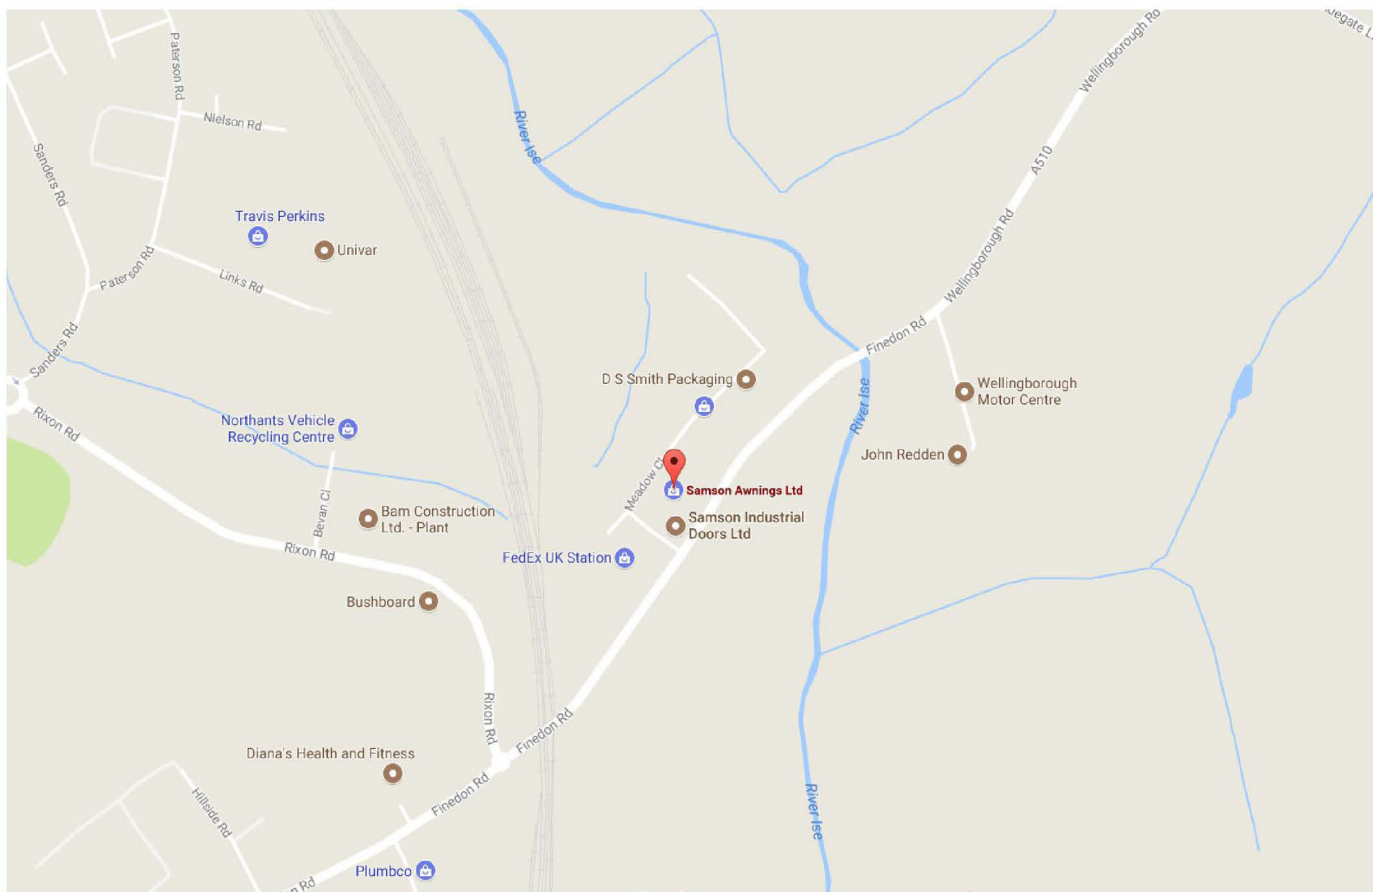

- Exceptionally vibrant and brilliant colours
- Non-fading and weather-resistant
- Easy care surfaces
- The highest UV protection (absorbs up to 97% of hazardous UV radiation)
